

The official sponsor of college students everywhere

(Also the official sponsor of the Bolivian Yahtzee team, but no one seems to care.)

Tested on hamsters. 100% caffeine free. What are you looking at? May be illegal on some planets. This product distorts space-time in its immediate vicinity. Watch for falling rocks. If you can read this, you are too close and also rather upside-down. Bad start, man. Cures quizzes, midterms, even finals! Possible side effects include death of student. Gorko Sprocketworks cannot be held liable for anything whatsoever and, in fact, will continue to relentlessly toast its products on the unsuspecting public. Not accurate. EWIS.
